### Document History

<b>Version</b>	<b>Date</b>	<b>Description</b>
V1.0	20 May 2020	First version contact database – stakeholders missing
V1.1	06 May 2021	Contact database updated

## Introduction

COVID-RED is a public-private consortium with currently 50 members from 9 organisations. An internal contact list is available to all consortium members. In addition to this internal contact list, a public contact database has been created which lists the main project contacts and several stakeholders. Considering privacy, not all contact details are made available in this public document. The contact details are known to the Project Management Office and can be provided upon request.

The external stakeholders mentioned in this database are involved in the project as Advisory Board members. The Managing Board aimed to install a diverse Advisory Board specialised in the project's scientific and ethical fields and has selected the following relevant stakeholder experts: an ethicist, a patient advocate, a representative from the Dutch National Institute for Public Health and the Environment, a healthcare provider, a wearable device specialist, and a mobile technology expert. All AB members are individuals with extensive experience, scientific and/or industrial prominence and leadership in the field of the project.

## General project contact points

Contact point	Organisation behind contact point	Contact
Project management office	University Medical Center Utrecht	<a href="mailto:covid-red@umcutrecht.nl">covid-red@umcutrecht.nl</a>
Helpdesk for study participants	Julius Clinical	<a href="mailto:covid-red@juliusclinical.com">covid-red@juliusclinical.com</a>
Helpdesk for app or bracelet support	Ava	<a href="https://www.covid-red.eu/ava/">https://www.covid-red.eu/ava/</a>

## Key project contacts

Name	Organisation	Role in project
Rick Grobbee	University Medical Center Utrecht	Project coordinator
Santiago Montes	Roche NL	Project lead
Pieter Stolk	University Medical Center Utrecht	Senior project manager
Nathalie Vigot	University Medical Center Utrecht	Senior project manager
George Downward	University Medical Center Utrecht	Project manager
Annemarijn Douwes	University Medical Center Utrecht	Project manager
Maureen Cronin	Ava AG	Main project contact Ava
Lorenz Risch	Dr. Risch Anstalt	Main project contact Risch
Billy Franks	Julius Clinical	Main project contact Julius Clinical
Santiago Montes	Roche NL	Main project contact Roche NL
Theo Rispens	Sanquin	Main project contact Sanquin
Antonella Chiacchiuini	Takeda	Main project contact Takeda
Rick Grobbee	University Medical Center Utrecht	Main project contact UMCU
Richard Dobson	University College London	Main project contact UCL
Jakob Kjellberg	VIVE	Main project contact VIVE
